

DANIEL PRUDENCIADO

Tacloban City, Leyte | dandeyjr@gmail.com | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Results-driven Software Engineer and Founder with a proven track record in developing scalable mobile applications and management systems. Experienced in full-stack development, GIS mapping, UI/UX prototyping, and competitive hackathon environments.

WORK EXPERIENCE

CoreArch <i>Founder & Fullstack Developer</i> Architect and develop end-to-end fullstack solutions.	Present
Excelerate <i>Mobile Software Engineer (Intern)</i> Develop and maintain mobile applications using Flutter.	Present
Leyte Normal University <i>Student Assistant (BAC & Planning Engineering)</i> Organized documentation, architected filing structures, and coordinated departmental scheduling.	2024 – 2026
Freelance Developer / Consultant <i>Web, GIS & Prototyping Specialist</i> - Developed websites for international (USA) and local clients (Robo Rides, LBMS). - Delivered professional GIS mapping, UI/UX prototyping (Figma), and custom web solutions.	2023 – 2026

EDUCATION

Bachelor of Science in Information Technology (BSIT) | Leyte Normal University, Tacloban City

TECHNICAL SKILLS

Languages: Dart, Python, PHP, Java, C, Kotlin, TypeScript, JavaScript
Web/Mobile/Frameworks: Angular, MERN Stack, Flutter, React, Flask, Tailwind
Design/Tools: QGIS, Figma, Tinkercad, Excalidraw, Docker, Git
Backend/DB: Laravel, Node.js, Express, MongoDB, MySQL, Firebase, Supabase

PROJECTS

CATEGORY	PROJECT DETAILS
IEEE/Python	Secure Federated Learning, GitHub CI/CD Vulnerabilities, and Job Failure Prediction (Flask).
Web/Systems	Robo Rides (USA), LBMS (Barangay System), Mobile Repair Shop, Hotel Management, PA-HULUGAN, Digits Central Processing.
Mobile	Buhay Estudyante, Excelerate Internship Support App.
Python Apps	Bank Account, Inventory Management, Employee Management, Music Track Analytics, Smart Thermostat, Todo List.
GIS Mapping	Tacloban, Carigara, Palo, and Julita Regional Maps.
Arduino	LED Blink, Potentiometer Control, Button LED Control.

ACHIEVEMENTS

EVENT	ACHIEVEMENT
Founder	CoreArch - 2026
Excelerate	Paid Mobile Engineering Intern - 2026
JTG Cyber Exercise	Top 3 Finalist - 2025
DICT Hack4Gov CTF	Top 7 Finalist - 2025
AI Factory/Infra/GENESIS	Finalist - 2026
DICT Project Pitch	Finalist - 2024
IEEE Global Challenge	Participant - 2026
